

PRE-SESSION INFO

Because many groups arrive at InDepth the night before the conference, we have arranged with the Capitol Plaza Hotel to have space available for students to hang out, listen to music and mingle from 8:00-10:00 p.m. on Monday evening. There will not be any planned activities, but students are welcome to sit and visit or bring cards/games to play. We will have pizza and beverages available for sale.

This is not a required activity and is not an official part of the InDepth conference.

If groups prefer, they can plan their own activities for the evening. Listed below are some recreation establishments in Topeka. It is up to each leader's discretion to determine activities for their group.

The one activity not permitted is for sponsors to just turn their students loose to roam the hallways of the hotel.
